HK Treasury Limit Register — Q4 (synthetic)

RESTRICTED — FINANCE. Synthetic limits for Episode 2 flat vs layout-aware demos.

Limit type	Threshold
Intraday cash buffer	HKD 450,000,000
FX forward approval floor	USD 10,000,000
Unhedged CNY exposure cap	HKD 85,000,000

Plain-text extractors often emit labels then values; layout-aware table parse keeps row pairs.
